

# Distinction Private Motor Vehicle Insurance

## Classic Car policy addendum

Your NZI Distinction Private Motor Vehicle Insurance policy wording is amended as follows:

### Vehicle use we cover and do not cover

The following exceptions are added to certain types of vehicle **use** we do not cover.

The exclusion for **using** a vehicle:

- for hire, including through an arrangement between private individuals, does not apply to carrying passengers in connection with a wedding or other chauffeur-driven special event hire, provided the driver is named in your **policy schedule**
- in any type of motor sport, race, or pace making, including any speed test, reliability or other trial, or on any racetrack, including for driver training or track days, does not apply to either:
  - an organised club rally or club track event where your vehicle does not exceed a speed of 100km per hour
  - participating in a driving course designed to improve your driving skills, if we approve this in writing first and you accept any special terms and conditions we apply.

Other than the exceptions above, the terms and conditions of the 'Vehicle use we cover and do not cover' section of your policy wording apply.
