

Distinction Motorcycle Insurance

Classic Motorcycle policy addendum

Your NZI Distinction Motorcycle Insurance policy wording is amended as follows:

Motorcycle and vehicle use we cover and do not cover

The following exceptions are added to certain types of motorcycle and vehicle **use** we do not cover.

The exclusion for **using** a motorcycle or vehicle:

- for hire, including through an arrangement between private individuals, does not apply to carrying passengers in connection with a wedding or other chauffeur-driven special event hire, provided the rider is named in your **policy schedule**
- in any type of motor sport, race, or pace making, including any speed test, reliability or other trial, or on any racetrack, including for rider or driver training or track days, does not apply to either:
 - an organised club rally or club track event where your motorcycle does not exceed a speed of 100km per hour
 - participating in a riding course designed to improve your riding skills, if we approve this in writing first and you accept any special terms and conditions we apply.

Other than the exceptions above, the terms and conditions of the 'Motorcycle and vehicle use we cover and do not cover' section of your policy wording apply.
