

**Delivering more
Peace of Mind.**

N4 Advantage

The background image is a photograph of a modern, multi-story office building with a glass and steel facade. The building is curved and features a large, illuminated 'NZI' logo on its side. The glass reflects the surrounding cityscape and the sky. In the foreground, there is a street with several cars and a white van. The sky is a clear, pale blue.

NZI believes business insurance should provide our customers with **more than just insurance cover.**

N4 Property Protect

Risk Consultants

When you've been in the insurance business since 1859, you get to know a thing or two about risk. Over 35 years ago NZI formally established a dedicated team to help pass on those years of experience. Today, our national team of Risk Management professionals **help prevent small problems becoming big problems** by assessing the likelihood and consequence of loss to your client's business and putting together strategies to help mitigate those risks.

N4 Property Protect

Free Electrical Reviews*

Catching fire before it starts is one of the best ways to protect businesses from the devastating impact fire can have on property, assets and ability to operate. That's why N4 offers customers a free electrical review* of their commercial premises. N4 has also created the N4 Electrical Safety Guide – a practical guide to help protect your client's business from electrical fire hazards.

N4 Property Protect

Discounted Fire Safety Equipment*

Fire is still one of the biggest threats to commercial property, and while prevention is better than cure, being able to put out small fires before they become big fires can be a very effective plan B. That's why N4I is making it easier and more cost effective for customers to access fire-fighting equipment like hose reels, fire extinguishers and fire blankets. Compliant, up to date, AS/NZS 1841 approved equipment you can rely on in an emergency.

N4 CyberCover

Any business that relies on technology – basically every business everywhere – is vulnerable to the threat of cybercrime. Threats such as data breach, employee misadventure, employee negligence, loss of service, privacy breaches, system damage – the list is constantly evolving as cybercriminals find new ways to target businesses, their financial data, reputation and ability to operate.

Talk to your client about UpGuard, a free cyber risk assessment with a vulnerability score and mitigation insights, and NZI's Cyber Base and Cyber Ultra cover options.
